

Krisdan Bezuidenhout

Krisdan Bezuidenhout (LLB, LLM) is a PhD Researcher at the South African Research Chair in Cities, Law and Environmental Sustainability (CLES) at the Faculty of Law, North-West University. He is currently enrolled for a Doctor of Philosophy in Laws with Law and Development. His Master's research focused on climate change mitigation and energy sector reform, titled "The South African Regulatory Framework Pertaining to Bio-Energy as a Climate Change Mitigation Driver in SADC".

Krisdan is an admitted legal practitioner of the High Court of South Africa and completed his articles of clerkship at a law firm based in Klerksdorp. During the course of his undergraduate studies, Krisdan was employed at Childline North-West as an Administrative Assistant. In this role he had the opportunity to support and enrich the lives of vulnerable children and their families through social development projects. Prior to joining CLES, he worked at a labour law consulting company as a legal assistant and rendered professional legal services to a diverse client base including the mining and agricultural sectors. Krisdan also successfully completed the SAMTREC occupational health and safety management training course provided by NOSA and is currently part of the OHS team of the Research Chair.
